COMPANY OVERVIEW

Creative Sandbox Solutions™ is a Silicon Valley-based learning and development consultancy that helps senior tech leaders whose teams are losing time and productivity due to communication issues. We help teams communicate and connect better so their work has impact, productivity soars, and everyone looks forward to Mondays. Our team-development and leadership-development programs strengthen connection, communication, collaboration, clarity, and creativity. All with play-based methods that make the experience memorable and fun! We value integrity, creativity, excellence, connection, and JOY!
